

Step 1: Create an Account on Tiltify

- Navigate over to https://tiltify.com/users/sign_up and create your account. Once you do, you will receive a confirmation email to activate your account!
 - **PRO TIP:** If you have a manager, partner, etc. that might need access to this account (to setup campaigns on your behalf, edit incentives on the fly, etc.) we highly recommend you create an account via email instead of using the login buttons for ease of access.

Step 2: Create your Campaign

- Once you log in, you will see this button in the top left-hand corner - click it!

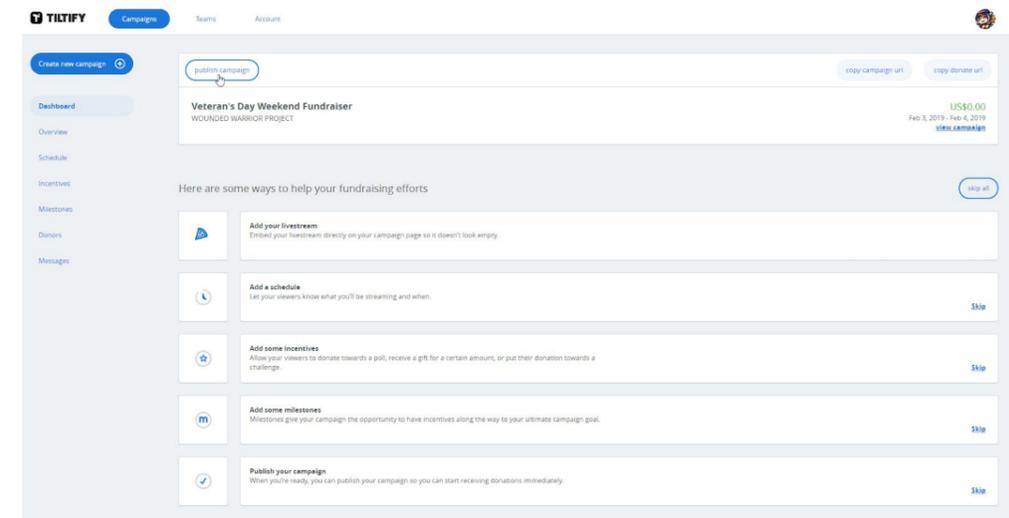

You will then see a series of setup related options for your campaign, including:

- Choosing your charity
- Choosing the type of campaign
- Naming your campaign and URL slug
- Setting your start/end dates, and
- Setting your fundraising goal amount

Once that is all chosen, you will see this summary page - ensure that all the information is correct and click "Create Campaign"

Step 3: Your Campaign Dashboard

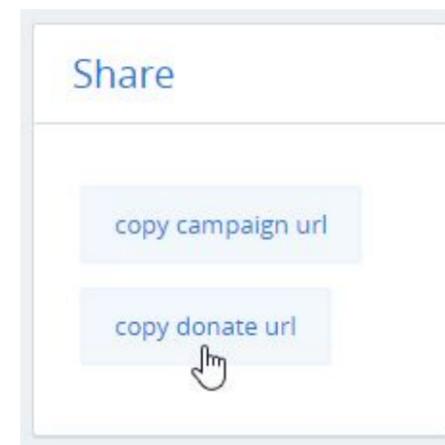

This page can be intimidating if you are new - but there are a lot of great resources here that will help your fundraising campaign succeed! If you would like to understand it all, feel free to [check out this article](#) for more information on everything your dashboard can do!

But if you don't have time for that...

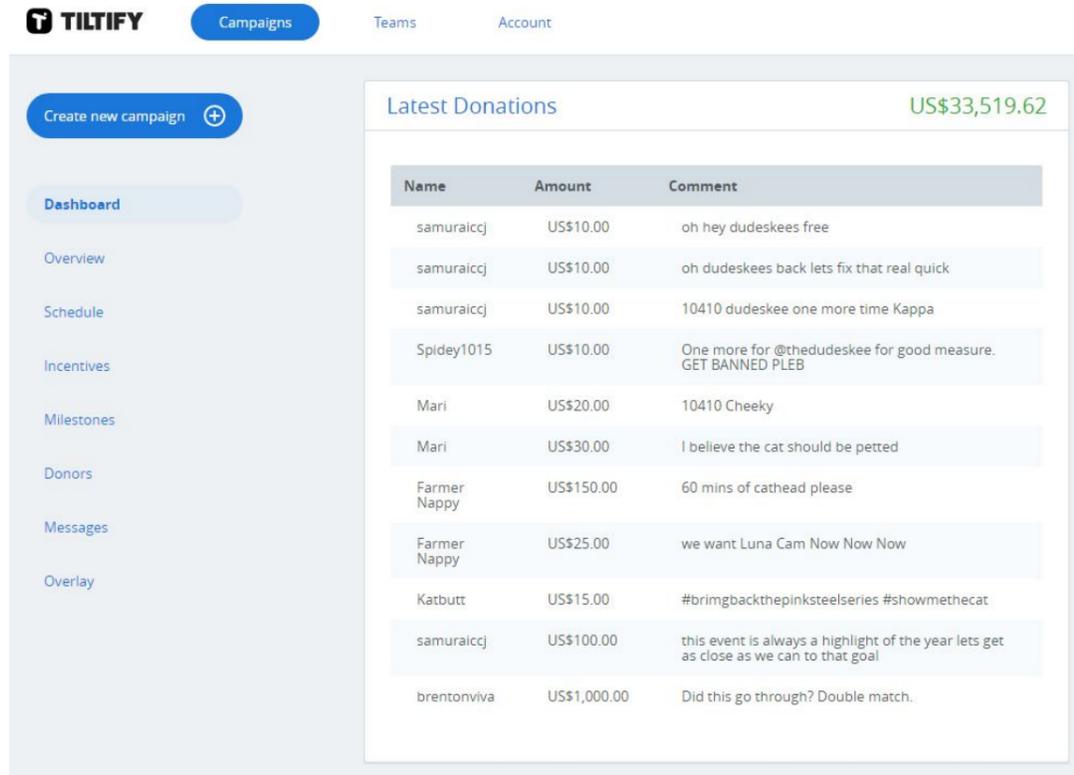

Step 4: The Essentials to Start Fundraising NOW!

1. **Publish Your Campaign** - At the top of your dashboard, you will see this:  Once you click it, your campaign will be live and fundraising can begin!

2. **Donation Link** - This Share box will be in the bottom right-hand corner of your dashboard. Use the donate URL for chat commands/panel links to direct donations!

If you're looking for something different, our donation integrations with [Streamlabs](#), [StreamElements](#), and [StreamJar](#) all offer alternatives to our Donation Bar!

Latest Donations US\$33,519.62

Name	Amount	Comment
samuraicj	US\$10.00	oh hey dudeskees free
samuraicj	US\$10.00	oh dudeskees back lets fix that real quick
samuraicj	US\$10.00	10410 dudeskee one more time Kappa
Spidey1015	US\$10.00	One more for @thedudeskee for good measure. GET BANNED PLEB
Mari	US\$20.00	10410 Cheeky
Mari	US\$30.00	I believe the cat should be petted

Farmer Nappy	US\$25.00	we want Luna Cam Now Now Now
Katbutt	US\$15.00	#brimbackthepinksteelseries #showmethecat
samuraicj	US\$100.00	this event is always a highlight of the year lets get as close as we can to that goal
brentonviva	US\$1,000.00	Did this go through? Double match.

3. **Reading Your Donations** - When your campaign is published, your dashboard will turn into a donation list! If you are using any of our donation incentives (such as [Rewards](#) or [Polls](#)), you can use the [Donors](#) page to see what rewards were redeemed with their donation! You can also use this page to moderate donation comments and remove any that might be offensive (*since these comments can also be seen on your public campaign page*)

Overlays

Full width overlay <https://tiltify.com/events/senpais-time-to-play-live-2018/overlay/dashboard>

Raised \$10,339.00 Goal \$10,000.00 Senpai's Time to PLAY LIVE 2018 Benefiting St. Jude Children's Research Hospital Last Donation iKasperr \$1.00

4. **Setting up the Donation Bar** - During any fundraiser, it's important to have a visual of how much you have raised during your campaign! Under "Overview", you can scroll down to "Overlays" and copy/paste the URL into your broadcasting software. It's designed to stretch across the entire screen and sit at the top or bottom of your screen

5. **Setting up Pop-Up Donation Notifications** - Just like how broadcasters have notifications for their subscribers/personal tips, having donation notifications for your charity fundraiser is a MUST! While you could use our Tiltify API to create your own notifications, we also have [integrations with Streamlabs, StreamElements, and StreamJar](#) that will allow you to create your own notifications **OR** use your existing tip notifications for your Tiltify campaign! Check out the link for more information as to how to set that up!
